Site Name:	SLAC National Accelerator Laboratory	HQ Program Office:	SC	Contractor	X
Proposed Change:	Add Cost and Cumulative Adders capability to "Engineered Cost" in CAIS.				
Justification:	<p>At SLAC we do not get fully burden cost estimates from our SMEs. We need a way to add in our overhead cost(s). We would also like to use the Cost/Cumulative Adders to inflate our "Engineered Cost" that are already in CAIS.</p> <p>By adding in Cost/Cumulative Adders capability we will not have to manually add in our overhead cost(s) and inflate our "Engineered Cost" yearly.</p>
